

NOTICE TO ALL PERSONS WHO UMPIRED IN 2008 AND WHO WANT TO UMPIRE IN 2009

This letter is being sent to all persons who umpired in 2008 but who have, as of now, either not taken the 2009 Test and completed the ACE certification OR who have taken the 2009 Test but HAVE NOT completed the ACE certification.

THURSDAY, APRIL 23, 2009 will be the last day for getting the 2009 Umpire Test and the ACE certification completed and returned to us if you wish to umpire during this season. The City will probably start the slow pitch program again as soon as the upgrade at the Complex is completed and you will want to call games.

We have held TWO (2) sessions for taking the Test and notification was made to all returning umpires of these sessions.

If you have taken the 2009 Umpire Test, then complete the ACE certification and you will be good to umpire. If you need help with taking the ACE Test, contact Carl May at 782-5555.

This ACE Test is a background check that is required.

If you need to take the 2009 Umpire Test and the ACE Test, Contact Alton McCurley at 409-504-4400 for an Umpire Test.

If you have further questions, call me at 409-833-3161 or 409-728-1495 (c). We will help in whatever is needed.

Thanks for your cooperation,

Linda George
